LOCAL ITEMS.

Judge McGuire and family are expected home in about two weeks from date. Harvesting operations are to begin on the farm of Mr. George Miller on Monday next.

The walls of the Nisbett Academy are nearly up, and the work is progressing rapidly.

Douglass Peterson left on Wednesday for a trip to Carlton. He will return in a few days by canoe.

The steamer Northwest is expected in on Saturday, this will probably be her last trip up the river this season.

The last cricket match between the Police and Citizens teams to be played this season, will take place on Saturday on the grounds of the latter club.

The crops are looking their best just now, and if the present delightful weather continues we will have the pleasure of reporting the best harvest ever reaped here.

Mr. Hartley Gisborne leaves in a few days for Battleford. Mr. Gisborne has made many warm friends during his stay in Prince Albert, who will be glad to welcome him back at any time.

R. C. Wignore & Co. have evidently come to stay, judging from the fact that they are having a fine new store erected on River Street, a couple of lots east of the Medical Hall. W. J. Carter is the contractor for the work.

Rev. J. H. Howard has been busily engaged for some time past collecting funds with which to build a parsonage, for the use of the Methodist ministers stationed here from time to time. We believe the requests were responded to very liberally and that the building is in course of erection.

The close season for duck being over, several enterprising sportsmen turned out for some sport this week. Sergt. W. Parker, and his brother Harry, succeeded in bagging 120 duck, beside a number of smaller birds on Wednesday last. Mr. T. N. Campbell, and Mr. Thos. McKay, also brought down a good bag full the same day. On Thursday afternoon Messrs. T. McKay, F. C. Baker and Sheriff Hughes succeeded in securing some twenty brace. The ducks are very numerous, but small in size.

As this may be the last trip up of the steamboat for this season, some of our Societies or the citizens of the town should organize an excursion by her to some point on the river. Certainly a trip such as that would give our town's people a beneficial outing, and give those who have never been on the river an opportunity to view the magnificent scenery of the great Saskatchewan River, and the beautiful country through which the river flows. Capt. Sheets, his officers and boat are so well known here that it is needless for us to say anything in recommendation of them; on past occasions they have done all in their power to please.

On Wednesday evening last Mrs. T. O. Davis and child and Miss Patterson miraculously escaped being severely hurt. They were driving out Church street and on going up the hill their horse suddenly became unmanageable and backed over the embankment; horse, vehicle and occupants rolling down together. The buggy upset at the bottom completely covering the ladies, who were unable to extricate themselves until assistance arrived, nor could the horse get up. No one was hurt, but all badly frightened. We congratulate the ladies on their escape.

A shooting match took place on Thursday morning last between two teams of the Saskatchewan Rifle Association to choose ten representatives to shoot against McLeod on Saturday, which resulted as follows:

W. R. Fish is building a new store immediately west of his present one, to be occupied by D. C. McLellan & Co., harness and saddlery.

Butter crocks of all sizes, also 100 sacks of fine dairy salt, of 50 lbs. each. Just what is wanted in the dairy. Walters & Baker are selling them.

P. Lafond, druggist and chemist, is thankful to the public, who have already patronized him so liberally and will endeavor to give satisfaction to all who will continue to encourage him.

J. Hodgson and Dan. Gould, of Prince Albert, who passed through Edmonton last summer for Peace River, and who were reported missing last winter, turned up all right this spring.

On and after the 1st September John Macdonald will sell the best cuts of beef for 10 cents per pound. This is the cheapest in the Territories, and you can rely on a good, tender and juicy steak or roast.

The residents of the west end were favored the other evening with an interesting race between two of our prominent citizens and a horse with buggy attachment. When last seen the quadruped was getting decidedly the best of it.

The Winnipeg Call has now got into its permanent quarters, and is issuing one of the best newspapers on the continent. The Call has been laboring under great difficulties since it was "knocked out" by old Phoenix three months ago, but in the future its subscribers can rely on all and the most authentic news of the day.

OF GREAT VALUE.

Capt. D. H. Lyon, manager and proprietor of the C. P. R. and K. W. & O. R. car ferry, Prescott, says: I used Nasal Balm for a prolonged case of cold in the head. Two applications effected a complete and thorough cure in less than 24 hours. I would not take \$100 for my bottle of Nasal Balm if I could not replace it.

The annual meeting of the Saskatchewan Provincial Rifle Association will commence on Thursday next, the 23rd inst. This is expected to be the most successful meeting ever held by the association. Prizes of great value and of greater number than formerly will be given for competition. We hope the Finance Committee will be successful in raising a large amount by subscription.

The trustees of the Nisbett Academy of Prince Albert presented, a few days ago, a very handsome silver towel to Kinistino Lodge, A.F. & A.M., No. 16 G.R.M., on the occasion of the laying of the corner stone of the Nisbett Academy building on the 29th June last. The towel is a magnificent piece of workmanship, being solid silver with an onyx handle and the whole beautifully engraved.

legislation from Ottawa, or by delegating their power to the Local Assembly, and we believe that the longer it remains unsettled the more difficult it will be to arrive at a satisfactory result. We believe both the advocates of liquor and prohibition would be agreed in submitting to a vote of the people, going on the broad principle that a majority of the people should rule, under such restrictions and limitations as will ensure to the minority a due amount of protection to their rights and interests.

Eastern Assiniboia having become vacant by the calling of Mr. W. D. Perley to the Senate, the Hon. E. Dewdney, Minister of the Interior, will contest the riding for the House of Commons. We have heretofore expressed our approval of Mr. Dewdney becoming a Cabinier Minister, and we express our pleasure that he will represent a Northwest constituency. That he will be returned for East Assiniboia we have no doubt, and we trust that he will not be opposed. We have claimed representation in the Cabinet for some time, and now that the opportunity of having it has been granted it would be foolish and suicidal to reject the offer, especially with Mr. Dewdney filling the position. We are also pleased to note that Mr. J. Haggart, M.P. for North Lanark has been taken into the Cabinet as Postmaster-General. Mr. Haggart is a man of good ability, and has had a long and successful parliamentary experience. His appointment, we believe, is a good one, and will be a source of strength to the Government.

We notice from our exchange that a few individuals tried to get up a meeting at Edmonton the other day to protest against the appointment of Mr. Dewdney to the portfolio of Minister of the Interior. Only a very few could be got together, and the meeting fizzled out on learning that Mr. Dewdney's appointment had already been gazetted. Mr. Dewdney appears to be a popular man in Edmonton as elsewhere throughout the Territories, and we are pleased to see that the people of that settlement have the good sense to take no part in the unpatriotic attacks of a few who are, it appears, determined to work against the best interests of their country.

A HANDSOME DONATION.

The following has been handed to us for publication and it shows the cordial relations existing between the police and the Hudson's Bay officers and clerks.

DEAR MAJOR PERRY,

The officers and clerks of the Hudson's Bay Company, serving in the Saskatchewan District, desire to present a cup to F and C Divisions of the Northwest Mounted Police, for competition, as a token of the kindly feeling that exists between the officers, non-commissioned officers and constables of the two troops and ourselves.

We enclose a cheque for \$100, and would feel obliged if you telegraphed to Major McPherson, who, we understand, is now in Toronto, to purchase a cup and kindly bring it back with him.

If yourself and Capt. Howe, of C Division, would accept of the responsibility of deciding under what conditions the cup shall be competed for, you will confer a favor.

We are, dear Major Perry

Yours faithfully,

Signed—L. Clarke, C.F., J. McAnley, J. C.T., Geo. S. Davison, J.C.T., Wm. McKay, J. C. T., Philip Turner, Chas. N. Garrison, Jas. K. Simpson, John E. Stewart, Angus McKay, Joseph B. Parker, Francois Dufresne, Richmond J. Hart, Albert C. Davison, A.A.B. Sprout, Thos. E. Parker, Paul Dufresne.

DEAR MR. CLARKE,

I have to acknowledge the receipt of your letter dated August 12th, together with a cheque for \$100.

I desire in the name of the officers, non-commissioned officers and constables of F Division to thank you and the officers and gentlemen of the Hudson's Bay Company, Saskatchewan District, for the trophy which you have given for competition between C and F Divisions. We hope that the good feeling of which the cup will be indicative will always continue. I have forwarded a copy of your letter to Captain Howe and will confer with him on the conditions of the competition. I will inform you as to what conclusion we come to. It will be the endeavor, in any case, of F Division to retain your valuable trophy.

Again thanking you and the officers and gentlemen of your company for the generous gift.

Believe me

My dear Mr. Clarke,

Yours very sincerely,

A. BOWEN PERRY.

HON. L. CLARKE, Chief Factor, Hudson's Bay Company, Prince Albert.

WILL REJECT THE TREATY.

President Cleveland's Tactics. Retaliation Against Canada Expected.

WASHINGTON, August 5.—A Democratic Congressman of prominence, in the councils of his party, said to-night: "If the Republican Senate defeats the Fisheries Treaty the President will take the earliest opportunity to carry out the resolutions of Congress advising retaliatory measures even to the extent of proclaiming non-intercourse with Canada. He will find his sufficient ground for it in the speeches of the Republican Senators on the fisheries question. The Canadians will, of course, renew their outrages of American fishing vessels, and the first case of outrage clear enough to arouse popular indignation will be answered by a proclamation of non-intercourse. There will be no lack of opportunity when he is on the look-out. The President's proclamation would put the whole burden of responsibility on the Republican Senate with the full knowledge of the situation had prevented a solution. The Senate will undoubtedly reject the treaty. No different result is expected by anybody."

THE N. W. M. POLICE

Will Likely be Abolished in the Northwest, in the Near Future, and the Militia System Introduced.

Several Northwest papers are urging the extension of the militia system to the Northwest and abolishing the police. It is becoming evident to the militia authorities that this will have to be done. It is found that the cost of maintaining the Mounted Police is more than the expenditure required for the whole of the militia of the Dominion. The Minister of Militia was interviewed on the subject. He said: "Oh, yes, I have seen

all that has appeared in the newspapers upon the subject. It is a very large question, however, and nothing can be done until parliament decides what course shall be followed."

"Are you in favor of the militia system being extended to the Northwest?"

"There is no question about it but that every province should be treated alike. Force is required there as much as here."

"Do you think it will be carried out?"

"I believe it will come to that some time or other. At any rate parliament will decide the question."

It is believed that if the question is taken up and it is decided to have militia in the Northwest, that the levies made will consist for the most part of cavalry, the opinion being entertained that the formation of troops at various points would be a very easy matter.—Ottawa Free Press.

Mr. T. Oram, the popular hotel-man, leaves by next week's stage for Winnipeg. He expects to return in a short time with the necessary requirements for a first-class bar, under the new regulations in regard to the sale of beer.

A FRIGHTFUL SKIN DISEASE

Sufferings Intense—Head Nearly Raw—Body Covered with Sores—Cured by the Cuticura Remedies.

Messrs. Stevens & Bruner, Monroe Co.

DEAR SIR:—About two months ago, on your recommendation, I bought a bottle of CUTICURA RESOLVENT, one box CUTICURA SOAP, and one box CUTICURA OINTMENT, for my son, aged thirteen years, who has been afflicted with eczema for a long time, and I am pleased to say that I believe the Remedies have cured him. His sufferings were intense, his head being nearly raw, his ears being nearly gone except the gristle, and his body was nearly covered with sores. His condition was frightful to behold. The sores have now all disappeared, his skin is healthy, eyes bright, cheerful in disposition, and is working every day. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or write me, or any of my neighbors.

GENTLEMEN:—Mr. Wm. S. Stephenson of this county brought his son to town to-day to let us see him and to show us what Cuticura Remedies had done for him. This is the case referred to in our letter to you some time ago. To look at the boy now one would suppose that there never had been anything the matter with him—seems to be in perfect health. We have written and here with is enclosed what his father has to say about the matter—wrote it just as he dictated. We are selling quite a quantity of Cuticura Remedies and hear nothing but praise for them. We regard the Cuticura Remedies the best in the market, and shall do all we can to promote their sale.

Yours truly,

TERRITORIAL NEWS

EDMONTON.

From the *Bulletin*, July 28.

Several seizures of timber for non-payment of dues have been made at St. Albert this week.

A meeting of the business board of the Methodist Church, Edmonton, was held in the church on Tuesday evening to take into consideration the advisability of improving the church. It has resolved to take steps to have the walls sided up and painted, new floor laid, new pews put in, a porch built on the outside and new window casings put on.

Word was brought in by hunters some time ago that the beaver on Athabasca river and its tributaries had died during the past winter and spring in thousands, that they were in fact almost exterminated. Subsequent reports have partly confirmed these reports, and are to the effect that the destruction extends from the foot-hills of the Rockies to Fort McMurray on the Athabasca. Some say that disease is the cause of the trouble; others, that owing to the dry seasons the streams on which the beaver build their dams have got so low that during the last winter the dams, in which their food was stored under the ice, froze to the bottom and prevented their getting at it, thereby starving them to death.

REGINA.

From the *Leader*, August 7.

The Hon. E. Dewdney arrived from Banff on Monday morning. He will run for Eastern Assiniboia, or rather, we expect, be returned by acclamation.

Mr. W. D. Perley has been raised to the Senate.

J. G. Turfitt, M.L.A., was here during Tuesday and Wednesday. Speaking of the new Minister of the Interior he says the Government has made a capital choice in selecting Mr. Dewdney, who is an able and popular man.

The Board of Trade have decided to invite Goldwin Smith to Regina to lecture on unrestricted reciprocity.

CALGARY.

From the *Tribune*, August 2.

The trial of M. Kennedy for killing Archer at Golden, will take place at Golden on August 6th.

Grasshoppers, it is said, are playing havoc with the crops in portions of Cariboo district, B.C. At Pinchbeck's rancho on William's Lake a field of thirty-five acres of grain was eaten perfectly clean. The other fields are being flooded in an attempt to drown the destructive hoppers. At China Gulch the hoppers are so thick as to prevent the cattle from feeding.

A correspondent sends us a receipt for the prevention of mosquito bites. It is called chapuncal and is made up as follows: oil of red cedar 1 oz. oil of olives 1 oz. paraffine oil 1 oz. glycerine 2 drs. penicillin 6 drs.

The herd of cattle brought from the Stewart rancho, which it was expected would be loaded to-day for Montreal, are being held over until next Tuesday on the prairie. It is said that a large number more of cattle will be brought to ship in conjunction with these. A series of trains will leave Calgary for Montreal, where a steamship will be chartered to carry the Calgary consignment.

From the *Herald*, August 6.

A new departure in wool shipping from Calgary is being made by Mr. H. D. Winters. This gentleman instead of shipping in bulky sacks is having it pressed by horse power with a pressing machine into compact bales, which are more convenient to handle and will enable him to get 24,000 pounds in a car. It is probable that the other wool growers will follow Mr. Winters' example. But why not the wool raisers combine and start a woolen factory in Calgary?

The first shipment of range cattle left here at 8 o'clock to-night. It consisted of fourteen cars containing 225 head. The cattle were shipped by Cormack & Eakin, members of an eastern syndicate, and were consigned to R. Bickelike & Co., Montreal. The train, which will be run through to Winnipeg without unloading, left here with a twenty-five mile order, which brings them to Winnipeg on Wednesday morning.

QU'APPELLE

From the *Progress*, August 2.

Mr. Lindberg, of Touchwood, was in town on Tuesday. He is looking after the erection of the telegraph poles for the Government. They are putting

lightning conductors on every fifth pole, tightening the wire and putting the line in first-class order.

Mr. Hughes, a settler, living near McKay's, who has been suffering from rheumatism, was taken down to Winnipeg hospital by the editor of this journal, last Saturday. We have not heard since how he is progressing. Before leaving Qu'Appelle, he received many kindly attentions by the members of the Masonic Fraternity of which he was a member.

From the *Fidette*, August 2.

On Saturday night, during the storm, a teepee, by the trail on Muscowequan's Reserve, at Touchwood Hills, was struck by lightning and seven of its inmates were killed outright and four were stretched senseless; one of them has since died. Many of the telegraph poles were also shivered for a distance of half a mile along the line.

The Cree Indian, of the File Hills reserve, who was charged with the breaking into the Hudson's Bay store on the 14th ult., was brought before Justice Richardson and was sent down for six months.

FORT MACLEOD.

From the *Gazette*, August 1.

A colored gentleman arrived from Calgary on Tuesday by a rather novel conveyance. He drove in with a four dog team attached to a small wagon.

Mr. Turner, of Lethbridge, arrived last week with men to repair the telegraph line through town. New poles are being put in through town and for some distance east.

J. Heron, who has been manager of the Stewart Rancho Co., resigned his position recently, and will engage in ranching on his own account. Alex. McLellan has taken his place.

An extensive prairie fire has been raging on the Blood Reserve during the past week. The police and others worked hard to put it out, but found it impossible. A large part of the reserve has been burned over.

The *Manitoba Free Press* described the attack of the Regina *Leader* upon Mr. McGirr, one of the ablest Indian department officials in the Northwest, as disgraceful. So it is. Since Davin had to eat the leak over the Department of the Interior appointment, the *Leader* could not say anything too bad about Mr. Dewdney or any of his old officials. Davin owes everything in the world to Mr. Dewdney, and should be the last man in Canada to turn on him. Bah! It is only another example of the canine ingratitude which sticks out all over him.

Those of our farmers who have suffered from destruction of crops by frosts and other sources in past seasons, may find consolation in the fact that the crops in the Province of Ontario are—as far as can be ascertained at present—a very bad failure. This is not the only country which has encountered such drawbacks as this; in fact by comparison with other sections it will be apparent that our district, and the Northwest Territories on the whole have indeed been fortunate in this respect. There is hardly a state in the Union and few if any of our own Provinces which have not been less fortunate during their experience.
